Basswood and poplar woods are used in constructing these beautiful paint grade shutters for strength and stability. Red oak & mahogany available for staining projects - call for quote.

Available with or without a horizontal cross rail. Adding a cross rail adds rigidity in larger/wider sizes and allows independent operation of upper and lower louvers (for light and privacy). Decorative inner stile bead runs vertically on shutter side stiles.

Open frame shutters include tension rods to hang your fabric on the back of the shutter, inside the frame.

Change your fabric to change your room decor as often as you like! Shutters can be made to receive other materials, such as tempered glass or pie safe screens.

Tell us about your project!

Add fabric, etched glass, or even stained glass to create unique window treatments or cabinet doors.

Brooklyn Style Combo Louvers & Panels
 Brownstones often have deep window pockets that include combination louver and panel shutters, with the outer panels folding into a "wall pocket" on each side of the window. Shutters shown above are made in 1 1/8" basswood with 1 7/8" louvers (2 1/2" and 3 1/2" available).

Traditional Louvers & Panels in 3/4" Thick Hardwoods
 Traditional shutters can be made with matching frame profiles when using both louver and panel shutter types in one window. Stained red oak shown above.

Interior Door Sizes 1 3/8" Thick Basswood, Red Oak, Mahogany
 Panel/louver combos make excellent doors with ventilation for shelves pantries, cabinets, & more. Café curve shown above creates a saloon door.

*Thank you very much!! Really appreciate your excellent customer service.
Tim & Polly Kahne, Maryland*

Thanks so much for your response. Your e-mail was not only informative, but more complete than I could expect for this small inquiry of two shutters. Every time I have conducted business with your fine company I'm reminded that there are still people out there trying to do it the right way. It is obvious to me through my dealings with you that Shuttercraft is a company of dedicated individuals who truly care about the quality of their products and the importance of exemplary customer service. Thank you very much!

Brian Taber, Schrader and Company

All shutters are installed and look fabulous! Thank you and thank your colleagues - they just look great! Elizabeth Lauer, Toronto, CA

Love, love, love the shutters, thanks!

Camille Breaux, Alexandria, LA

You can be sure that I will most certainly pass your name along to anyone needing shutters. Again, it was a real pleasure working with you.
